

HOTEL CONCEPT

ABOUT US

As Berfa Group, it has been involved in many projects with its products, experiences and know-how that it produces with high technology. Quality is indispensable and the origin of our machines is Germany. Our production, project and application teams have a completely professional and dynamic structure. We have an ERP production system and we have TSE-ISO 9001: 2000 quality management systems. Our specialized productions are suitable for hotel projects and residential projects.

PRODUCTION

Thanks to our factory facilities, we are producing a wide range of Home Furniture and Hotels Furniture products. Our main products in the Home Furniture Category are Bedroom Sets, Dining Room Sets and TV Wall Units. Our production of Hotel and all furniture related to projects products of Hotel beds, Closets, Bedsteads, Tables, Sofa and many kinds of chairs. For such of these kinds of projects, we have a long-term agreement with sisters factories in order to a sofa and some other item productions which are not produced in our factory but under our observations. By this way, we achieve a high level of efficiency in quality standard and affordable costs.

VISION

The philosophy of Berfa is to walk with its suppliers by achieving corporate governance understanding, trustworthiness, and customer oriented working principle.

OUR MISSION

Our Mission is to become a leading organization which can give direction to industry and proudly represents our country in our rapidly changing and evolving world. In addition, we aim to become an establishment that gives advice to the future generations based on many years of experience.

QUALITY POLICY

Our quality policy is to build relationships based on long-term friendship and trust with the companies working with us. We accept the duty to apply quality administration system conditions by giving priority to consumer satisfaction. "Quality product and service are not a consequence of coincidence, it is a consequence of experience and systematical working."

Our company offers modern and aesthetic products in accordance with the demands and desires of consumers in World standards. In addition, we produce the most accurate solutions to the changing expectations by customer-focused innovations without sacrificing quality

Our company keeps the R&D works in the foreground and takes into consideration the needs of home life. By this reason, we present new developed unique, aesthetic and high-quality products day by day.

Berfa Aesthetic Furniture is day by day increasing the share of the domestic and foreign markets, in the furniture sector; it also exports various high-quality products. The philosophy of Berfa is to walk with its suppliers by achieving corporate governance understanding, trustworthiness and customer oriented working principle.
